Central Public E-Complaint System

Indian Talent + Information Technology = India Tomorrow. The E-Governance systems like E-Ticketing, E-FileLocker, E-TaxPay, E-Auction, E-Tendering brings **transparency** to our system. E-Complaint System is an **E-Governance** proposal to GoI under Digital India Mission for eradicating **Corruption, Extortion, Misuse of Power and Position, Irresponsibility, Inefficiency** from the Govt. Departments. E-Complaint System's **efficient methodology** will **improve Governance** by GoI. The system will manage complaints electronically resulting in **centralized control**, **better management** and **real time Monitoring**. It's a medium to file complaints electronically by the citizens of India (digitally certified authorized users) regarding any issues w.r.t. any Govt. Department in the country.
